PROFILE

Software developer and multimedia creator in Sydney, and founder of ONQST. I build React/TypeScript interfaces, Node.js/Express and Python APIs, SQL-backed workflows and interactive products. My work connects implementation with video, motion, audio and storytelling, with project cases showing specific contributions, testing and release stages.

RELEVANT EXPERIENCE

Founder & Builder - ONQST

Mar 2026 - Present | Independent product studio | onqst.com

- Built React/TypeScript and Next.js application workflows, supporting APIs and SQL data rules for household and property products, including permissions and recovery.
- Recorded and edited LandLIT's fictional-data browser demo and prepared the narrated FlatSync film, with timed captions, transcripts and production credits.
- Wrote Princess of Alemio and produced its separate nine-chapter Part One audio edition; built game and story interfaces for Steeped and Alemio.

Developer / Programmer - ACS WIL Internship (CauseConnect)

July 2026 - Present | Internship team of 10

- Implemented React campaign interfaces and Node.js/Express category and authenticated submission APIs backed by MySQL.
- Added validation, server-owned creator/pending status and ownership/privacy checks; prepared regression coverage, API guidance and EC2 deployment checks within the team.

Software Engineer (Internship) - UNIKRE Trading

Nov 2024 - Jan 2025 | Western Sydney University capstone-linked internship

- Used Python to compare AI-generated and human-written storefront content in a Shopify commerce capstone-linked internship.

SOFTWARE, AI AND MEDIA TOOLS

- **Development:** React, TypeScript, Next.js, Node.js/Express, Python, SQL, PostgreSQL/MySQL and Supabase; Git and regression testing.
- **AI workflows:** Language-model APIs; Python content comparison at UNIKRE; configured Hermes workflows connecting tasks, calendar and project knowledge.
- **Video & motion:** Adobe Premiere, After Effects, DaVinci Resolve and CapCut; captions, transcripts and media credits.

SELECTED PRODUCTS AND INTERACTIVE WORK

FlatSync - Shared-Household App

Public web app; native releases pending | View case and narrated demo

- **Frontend:** Built React/TypeScript chore, shopping and bill interfaces, household invitations and forms that preserve unfinished input.
- **Backend & data:** Implemented Supabase Edge APIs/PostgreSQL membership checks, exact-cent expense splits, repayment records, recurring bills and transactional save/conflict recovery.

LandLIT - Property Operations Prototype

Prototype | Recorded fictional-data demo | View case and demo

- **Full stack:** Built the Next.js/React/TypeScript workspace, authenticated revision-checked APIs and PostgreSQL rent, utility, receipt-allocation and recovery workflows.
- **Video:** Recorded a 60-second fictional-data browser demo with timed captions and transcript.

What Was Drawn - Reflection Web App

Public web app; iOS review pending | View implementation

- Built React reading/journal interfaces, Python billing APIs on AWS Lambda/API Gateway and account-scoped Supabase persistence with retry/export. Migrated web hosting to private S3/CloudFront.

Core Memories & ONQST - Interactive Web

unicebondoc.com | onqst.com

- Built the React/Three.js forest, animated project orbs, camera navigation and video/audio cases; implemented responsive reading, keyboard controls and reduced motion. Built ONQST's product portal and media previews.

Steeped & Princess of Alemio - Games and Story

Games in development; separate Part One audio available | View previews

- **Steeped:** Built Unity/C# tea/focus interactions, guest transitions, persistent progress and validated save/backup recovery.
- **Alemio:** Wrote the story and built the local Ren'Py opening with one investigation-order choice, evidence, History and save/load. Produced a separate nine-chapter audio edition with synthetic voices, transcript and credits.

EDUCATION

Master of Information and Communications Technology - Western Sydney University | 2023 - 2025

Bachelor of Communication (Broadcasting) - Bicol University, Philippines | 2012 - 2016

Professional Year (ICT), ACS Accredited - Performance Education | In progress

EARLIER OPERATIONS EXPERIENCE

SME Account & Loan Operations Manager - RCBC

Sep 2019 - Sep 2022 | Philippines

- Managed small-business account and loan workflows, documentation and stakeholder follow-up with relationship managers and compliance teams.
