PROFILE

Creative developer and multimedia creator with qualifications in Broadcasting and ICT. I build web applications, interactive games and story experiences through ONQST, and create product demonstrations and media. My work combines frontend/backend implementation with video, motion and audio production.

RELEVANT EXPERIENCE

Founder & Builder - ONQST

Mar 2026 - Present | Independent product studio | onqst.com

- Recorded and edited LandLIT's actual fictional-data browser demo with timed captions and a transcript.
- Built interactive web experiences and multimedia product cases, connecting interface motion, project video, audio and readable navigation.
- Wrote Princess of Alemio and produced its separate Part One audio chapters, transcript, credits and delivery package; built game and story interfaces for Steeped and Alemio.

Developer / Programmer - ACS WIL Internship (CauseConnect)

July 2026 - Present | Internship team of 10

- Implemented React campaign interfaces and Node.js/Express category and authenticated submission APIs backed by MySQL.
- Added input validation, ownership/privacy checks and regression coverage; prepared API/setup guidance and demo documentation within the team.

Software Engineer (Internship) - UNIKRE Trading

Nov 2024 - Jan 2025 | Western Sydney University capstone-linked internship

- Used Python to compare AI-generated and human-written storefront content in a Shopify commerce capstone-linked internship.

CREATIVE TOOLS AND WORKING METHODS

- **Video & motion:** Used Adobe Premiere, After Effects, DaVinci Resolve and CapCut.
- **Interactive media:** React, TypeScript, Three.js, Unity/C# and Ren'Py; responsive interfaces and scene/audio presentation.
- **Working method:** AI-assisted development and media production, with source preservation, review and explicit release stages.

EDUCATION

Bachelor of Communication (Broadcasting) - Bicol University, Philippines | 2012 - 2016

Master of Information and Communications Technology - Western Sydney University | 2023 - 2025

Professional Year (ICT), ACS Accredited - Performance Education | In progress

SELECTED CREATIVE AND INTERACTIVE WORK

Core Memories & ONQST - Interactive Web

unicebondoc.com | onqst.com

- **Interactive build:** Built the React/Three.js forest portfolio with animated project orbs, camera navigation, video/audio cases and a readable career journal.
- **Interface delivery:** Built portal navigation and media previews for ONQST; implemented responsive reading, keyboard controls and reduced-motion options in the personal portfolio.

LandLIT - Product Demonstration

Actual fictional-data recording; prototype | View case and demo

- **Video edit:** Recorded and edited a 60-second browser demonstration of receipts, balance changes and reminder suppression, with timed captions and a matching transcript.
- **Interactive build:** Built the Next.js/React/TypeScript property workspace and revision-checked APIs with PostgreSQL persistence. The recording demonstrates the separate fictional showcase; customer intake remains pending.

Steeped - Interactive Game

Unity/C#; in development | View actual gameplay

- **Gameplay:** Built tea interactions, focus-session controls, guest transitions and persistent progress, including validated checkpoints and save recovery.
- **Media evidence:** Prepared the actual silent gameplay excerpt for the portfolio. Local preview available; public game release remains pending.

Princess of Alemio - Story, Audio & Visual Novel

VN in development; separate Part One audio available | View editions

- **Interactive narrative:** Wrote the story and built the local Ren'Py opening with dialogue, one investigation-order choice, evidence, History and save/load.
- **Audio edition:** Produced the separate nine-chapter Part One drama, transcript, credits and delivery package. The preview uses synthetic voices.

EARLIER OPERATIONS EXPERIENCE

SME Account & Loan Operations Manager - RCBC

Sep 2019 - Sep 2022 | Philippines

- Coordinated small-business account and loan operations across relationship managers, compliance teams, documentation and external stakeholders.
